Oral Presentation Preparation Guide

This guide describes how to prepare a presentation manuscript necessary for an effective presentation at Imaging Conference on Advanced Imaging 2021.

The author is required to upload the presentation slide files for the presentation (PPT file) directly to the ICAI website on EasyChair no later than;

September 27, 2021

Presentation Method

- ✓ Zoom will be used for online oral presentation. Use of wired LAN is recommended for online presentation.

Presentation Slides Preparation

- ✓ The layout should be horizontal (landscape format).
- ✓ Use bold fonts (Arial Bold, Palatino Bold, Times Bold, Helvetica Bold) for readability.
- ✓ Use 36 points for the title and 24 (minimum) to 30 points for the text.
- ✓ Maximum 9 lines of sentences and mathematical formulas in each slide.
- ✓ For the text color, select a color that has high contrast with the background and is easy to read.
- ✓ Use thick line for the graph curve, and use dotted lines, broken lines, etc. or attach a simple label.
- ✓ Do not include grid lines in the graph.
- ✓ Avoid graphs of color lines on a gray background.
- ✓ Graph axes, axis scales, and axis titles are clearly displayed in large font.
- ✓ Please upload the slide files to the ICAI website on EasyChair as a backup for trouble case. The deadline for upload is September 27 (Monday).

Presentation Time

- ✓ Presentation time is listed below. For the smooth conference operation, please adhere to the presentation time.

Type of Paper	Allotted Time
Keynote Talks	50 minutes (including approximately 5-minute Q&A)
Invited Papers	30 minutes (including approximately 5-minute Q&A)
Regular Oral Papers	20 minutes (including approximately 5-minute Q&A)
